PRODUCT CATALOGUE

PROUDLY MADE IN AUSTRALIA

Manufacturing within Australia is critical to our thriving economy as its success supports millions of jobs and improves our national productivity and international competitiveness. Mustang Nozzles are proudly engineered and manufactured 100% in Australia, supporting Australian families. Every week Mustang Nozzles are exported worldwide benefiting our export industry.

**We Ship
Australia Wide**

**All Mustang Nozzles are
proudly Australian made**

Mustang Nozzle and Locator Box

This heavy duty nozzle box includes a Ridgid battery sonde and adaptor for locating the end of the hose instead of using a camera. (Save \$\$ when buying a box kit).

- Root Rat Nozzle Complete
- Negotiator Thruster Nozzle Complete
- Bullet Nozzle Complete
- Compressor Nozzle with Adaptor
- 3 Quick Release Couplers
- 3 Swage Tails
- Root Ranger Nozzle
- Sonde with Adaptor
- Nozzle Spanner
- Tip Cleaner

Part Number:	MNBKRBS
Size:	14 Pieces
Price:	\$1950 + GST

Mustang Nozzles Budget Box

This heavy duty Nozzle box includes everything you need to start jetting. (Save \$\$ when buying a box kit).

- Predator Penetrating Nozzle Complete
- Negotiator Thruster Nozzle Complete
- Compressor with Adaptor
- Quick Release Coupler
- Root Ranger Nozzle
- Nozzle Spanner
- Tip Cleaner

Part Number:	MNBKB
Size:	7 Pieces
Price:	\$860 + GST

Mustang Deluxe Nozzle Box

The Deluxe Nozzle Box comes with extra nozzles and accessories. (Save \$\$ when buying a box kit).

- Brass and Stainless Steel Quick Release Couplers
- Predator Penetrating Nozzle Complete
- Negotiator Thruster Nozzle Complete
- Negotiator Penetrator Nozzle
- Compressor Invader Nozzle Complete
- Compressor with Adaptor
- Root Rat Nozzle Complete
- Bullet Invader Nozzle Complete
- Root Ranger Nozzle
- Nozzle Spanner and Tip Cleaner
- 3 Swage Tails

Part Number:	MNBKD
Size:	15 Pieces
Price:	\$1490 + GST

Compressor Penetrator

The compressor Penetrator Nozzle has 3 rear jets at 30° and one forward jet. It is small and will penetrate into tight root blockages.

Part Number:	C3R1F
Size:	1/8"
Price:	\$88.00 + GST

Compressor Thruster

The Compressor Thruster Nozzle has 6 rear jets at 30° and no forward jet. It is small and has extra power to thrust quickly up to the blockage.

Part Number:	C6R
Size:	1/8"
Price:	\$90.00 + GST

Compressor Invader

The Compressor Invader Nozzle has 6 rear jets at 30° and one forward jet. It is small and has extra thrust that penetrates deep into roots and debris.

Part Number:	C6R1F
Size:	1/8"
Price:	\$92.00 + GST

Bullet Invader - Complete

The Bullet Invader Complete Nozzle has 6 rear jets at 30° and one forward jet. Used for tight root blockages, it comes complete with a quick connect tail.

Part Number:	B6R1FC
Size:	1/4"
Price:	\$166.00 + GST

Bullet Penetrator - Complete

The Bullet Penetrator Complete Nozzle has 3 rear jets at 30° and one forward jet. Used for tight root blockages, it comes complete with a quick connect tail.

Part Number:	B3R1FC
Size:	1/4"
Price:	\$162.00 + GST

Compressor Penetrator - Complete

The Compressor Penetrator Complete Nozzle has 3 rear jets at 30° and one forward jet. It is small and will penetrate deep into tight root blockages and comes complete with a slim cone and quick connect tail.

Part Number:	C3R1FC
Size:	1/8"
Price:	\$136.00 + GST

Compressor Thruster - Complete

The Compressor Thruster Complete Nozzle has 6 rear jets at 30° and no forward jet. It is small and has extra power to thrust quickly up to the blockage and comes complete with a slim cone and quick connect tail.

Part Number:	C6RC
Size:	1/8"
Price:	\$138.00 + GST

Compressor Invader - Complete

The Compressor Invader Complete Nozzle has 6 rear jets at 30° and one forward jet. It is small and has extra jets to thrust and penetrate deep into roots and debris. It comes complete with a slim cone and quick connect tail.

Part Number:	C6R1FC
Size:	1/8"
Price:	\$140.00 + GST

Bullet Thruster - Complete

The Bullet Thruster Complete Nozzle has 6 rear jets at 30°. Used for tight root blockages, it comes complete with a quick connect tail.

Part Number:	B6RC
Size:	1/4"
Price:	\$164.00 + GST

Bullet Blank

The Bullet Blank is an all-in-one quick coupler and cone suitable for the Compressor range nozzles.

Part Number:	BA4
Size:	1/4"
Price:	\$74.00 + GST

Bandit Side Cutter

The Bandit Side Cutter Nozzle has 6 rear jets for powerful thrust and a unique side cutting design to cut root balls when the jetting hose is twisted.

Part Number:	SCB6R
Size:	1/4"
Price:	\$136.00 + GST

Predator Side Cutter

The Predator Side Cutter Nozzle has 3 rear jets and one forward jet. It's unique side cutter design allows it to cut roots while the hose is twisted in the drain. This model also has a screwdriver tip for front penetration.

Part Number:	SCP3R1F
Size:	1/4"
Price:	\$140.00 + GST

Bulldog

The Bulldog Nozzle has 2 rear jets and 1 forward jet. The rear jets are double the size of a standard nozzle giving them extra power down a drain.

Part Number:	BD2R1F
Size:	1/4"
Price:	\$99.00 + GST

Bandit

The Bandit nozzle was designed by a computer to clear a drain as effectively as possible. It has 6 rear jets at 30° and one forward penetrating jet. It is powerful enough to penetrate deep into large root blockages.

Part Number:	BT6R1F
Size:	1/4"
Price:	\$129.00 + GST

Bandit Thruster

The Bandit Nozzle has 6 rear jets at 30° and no forward jet to enable additional thrust. It is very powerful and penetrates deep into large root blockages. Great for long runs.

Part Number:	BT6R
Size:	1/4"
Price:	\$122.00 + GST

Bandit Side Cutter - Complete

The Bandit Side Cutter has 6 rear jets for powerful thrust and a unique side cutting design to cut root balls when the jetting hose is twisted. Complete with cone and tail.

Part Number:	SCB6RC
Size:	1/4"
Price:	\$182.00 + GST

Predator Side Cutter - Complete

The Predator Side Cutter Complete Nozzle has 3 rear jets and one forward jet. It's unique side cutter design allows it to cut roots while the hose is twisted in the drain. This model also has a screwdriver tip for front penetration and comes complete with cone and tail.

Part Number:	SCP3R1FC
Size:	1/4"
Price:	\$186.00 + GST

Bulldog - Complete

The Bulldog Nozzle has 2 rear jets and 1 forward jet. The rear jets are double the size of a standard nozzle giving them extra power down a drain. Comes complete with cone and tail.

Part Number:	BD2R1FC
Size:	1/4"
Price:	\$145.00 + GST

Bandit - Complete

The Bandit Complete Nozzle has 6 rear jets at 30° and one forward penetrating jet. It is powerful enough to penetrate deep into large root blockages. Complete with cone and tail.

Part Number:	BT6R1FC
Size:	1/4"
Price:	\$175.00 + GST

Bandit Thruster - Complete

The Bandit Nozzle has 6 rear jets at 30° and no forward jet to enable additional thrust. It is very powerful and penetrates deep into large root blockages. Complete with cone and tail.

Part Number:	BT6RC
Size:	1/4"
Price:	\$168.00 + GST

Jetaxe Nozzle

The Jetaxe nozzle has a front 'axe' blade that has been designed to chop into a blockage. Twist the hose and it opens up the choke very quickly. There are 2 models available: 6 rear jets with 1 forward jet or 8 rear jet with no front jet. The 20° rear jets create very strong thrust.

Part Number:	Price:
JA6R1F	\$140.00 + GST
JA8R	\$140.00 + GST

Sonde Adaptor

6 rear jets thrust the Ridgid battery sonde (sold separately) down the drain for quick fault location and diagnosis.

Part:	Part#	Price:
Sonde Adaptor	SA	\$165.00 + GST
Sonde Adaptor Complete	SAC	\$213.00 + GST

Ridgid Battery Sonde Complete with Adaptor

6 rear jets thrust the Ridgid battery sonde down the drain for quick fault location and diagnosis. Comes complete with cone and tail.

Part:	Part#	Price:
Ridgid Battery Sonde Complete with Adaptor	RBSC	\$833.00 + GST

Ferret

The Ferret Nozzle has 2 offset forward facing jets that help penetrate blockages, 3 rear facing jets in the middle of the nozzle and 3 rear thrusting jets. Has strong clearing capabilities because of the 3 jet positions.

Part Number:	FT6R2F
Size:	1/4"
Price:	\$132.00 + GST

Grease Ball

The Grease Ball Nozzle is spherical with 8 rear thrusting jets only. Designed for extreme thrust and the ability to de-scale greasy pipe sidewalls. Works really well on root chokes too.

Part Number:	GB8
Size:	1/4"
Price:	\$120.00 + GST

Jetaxe Nozzle Complete

The Jetaxe nozzle complete has a front 'axe' blade that has been designed to quickly chop into a blockage. Twist the hose and it opens up the choke very quickly. There are 2 models available: 6 rear jets with 1 forward jet or 8 rear jet with no front jet. The 20° rear jets create very strong thrust.

Complete with cone and tail.

Part Number:	Price:
JA6R1FC	\$186.00 + GST
JA8RC	\$186.00 + GST

Economy Negotiator/Thruster/Predator

The Economy Nozzle is an 'all-in-one' nozzle with a quick connect tail. It has a round or pointed nose with options for 1 front jet and 6 rear thrusting jets.

Part #:	Size:	Price:
EN6R1F	1/4"	\$79.00 + GST
ENT6R	1/4"	\$79.00 + GST
EP6R1F	1/4"	\$79.00 + GST

Ridgid Battery Sonde

The Ridgid battery sonde can be used with a locator to pinpoint problems in the drain. Attached to a 'sonde adaptor' you can quickly jet it down a drain to the problem area without the use of a camera or tape it to a push rod.

Part:	Part#	Price:
Ridgid Battery Sonde	RBS	\$620.00 + GST

Ferret - Complete The Ferret Nozzle has 2 offset forward facing jets that help penetrate blockages, 3 rear facing jets in the middle of the nozzle and 3 rear thrusting jets. Has strong clearing capabilities because of the 3 jet positions. Complete with cone and quick connect tail.

Part Number:	FT6R2F
Size:	1/4"
Price:	\$178.00 + GST

Grease Ball - Complete

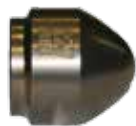

The Grease Ball Nozzle is spherical with 8 rear thrusting jets only. Designed for extreme thrust and the ability to de-scale greasy pipe sidewalls. Complete with slim cone and quick connect tail. Works really well on root chokes too.

Part Number:	GB8C
Size:	1/4"
Price:	\$166.00 + GST

Negotiator Penetrator

The Negotiator Penetrator Nozzle is designed to work around tight bends and traps. Good for multi-purpose drain cleaning, it has 3 rear jets and 1 forward jet.

Part Number:	N3R1F
Size:	1/4"
Price:	\$114.00 + GST

Negotiator Invader

The Negotiator Invader Nozzle is designed to work around tight bends and traps. Good for multi-purpose drain cleaning, it has 6 rear jets for extra thrust and one forward penetrating jet.

Part Number:	N6R1F
Size:	1/4"
Price:	\$118.00 + GST

Negotiator Thruster

The Negotiator Thruster Nozzle is designed to work around tight bends and traps. Good for multi-purpose drain cleaning, it has 6 rear jets for extra thrust.

Part Number:	N6R
Size:	1/4"
Price:	\$116.00 + GST

Predator Invader

The Predator Invader Nozzle has 6 rear jets and one front jet. It is a good general drain cleaning nozzle with the power to penetrate a choke and blast out debris.

Part Number:	P6R1F
Size:	1/4"
Price:	\$123.00 + GST

Predator Penetrator

The Negotiator Penetrator Nozzle has 3 large rear jets for better cutting and a front penetrating nozzle.

Part Number:	P3R1F
Size:	1/4"
Price:	\$119.00 + GST

Negotiator Penetrator - Complete

The Negotiator Penetrator Complete Nozzle is designed to work around tight bends and traps. It has 3 rear jets and 1 forward jet and comes complete with cone and tail.

Part Number:	N3R1FC
Size:	1/4"
Price:	\$155.00 + GST

Negotiator Invader - Complete

The Negotiator Invader Complete Nozzle is designed to work around tight bends and traps. It has 6 rear jets for extra thrust and one forward penetrating jet and comes complete with cone and tail.

Part Number:	N6R1FC
Size:	1/4"
Price:	\$159 + GST

Negotiator Thruster - Complete

The Negotiator Thruster Complete Nozzle is designed to work around tight bends and traps. It has 6 rear jets for extra thrust and no front jet for added rear thrusting power. Comes complete with cone and tail.

Part Number:	N6RC
Size:	1/4"
Price:	\$157.00 + GST

Predator Invader - Complete

The Predator Invader Nozzle has 6 rear jets and one front jet. It is a good general drain cleaning nozzle with the power to penetrate a choke and blast out debris. Comes complete with cone and tail.

Part Number:	P6R1FC
Size:	1/4"
Price:	\$169.00 + GST

Predator Penetrator - Complete

The Predator Penetrator Nozzle has 3 large rear jets for better cutting and a front penetrating nozzle. Comes complete with cone and tail.

Part Number:	P3R1FC
Size:	1/4"
Price:	\$165.00 + GST

Predator Thruster

The Predator Thruster nozzle has 6 rear thrusting jets and no front jet so it can concentrate on powerful long distance drain cleaning jobs.

Part Number:	P6R
Size:	1/4"
Price:	\$121.00 + GST

Beaver

The Beaver Nozzle has 6 rear jets for forward thrust and two forward jets to increase penetration. Ideal for penetrating dry paper chokes with its front point and 2 front offset jets.

Part Number:	BV6R2F
Size:	1/4"
Price:	\$132.00 + GST

Root Rat

Popular universal penetrator with 1 front jet, 3 rear jets behind nose at 45° and 3 rear thrusting jets at 30°, allowing it to open blockages quickly.

Part Number:	RR6R1F
Size:	1/4"
Price:	\$134.00 + GST

Screwdriver

The screwdriver nozzle has been designed to get through the toughest tree root blockages with 1 forward offset front jet built into the blade and 6 powerful rear thrusting jets. The 4 corners of the blade quickly tear at the roots.

Part Number:	SD6R1F
Size:	1/4"
Price:	\$134.00 + GST

TriVector Nozzle

An innovative nozzle with 4 rear thrust jets and 3 powerful front penetrating jets. It is used to break down heavy grease, soil or dry choke blockages.

Part Number:	TV4R3F
Price:	\$140.00 + GST

Predator Thruster - Complete

The Predator Thruster nozzle has 6 rear thrusting jets and no front jet so it can concentrate on powerful long distance drain cleaning jobs. Comes complete with cone and tail.

Part Number:	P6RC
Size:	1/4"
Price:	\$167.00 + GST

Beaver - Complete

The Beaver Nozzle has 6 rear jets for forward thrust and two forward jets to increase penetration. Ideal for penetrating dry paper chokes with its front point and 2 front offset jets. Comes complete with cone and tail.

Part Number:	BV6R2FC
Size:	1/4"
Price:	\$178.00 + GST

Root Rat - Complete

Popular universal penetrator with 1 front jet, 3 rear jets behind nose at 45° and 3 rear thrusting jets at 30°, allowing it to open blockages quickly.

Comes complete with cone and tail.

Part Number:	RR6R1FC
Size:	1/4"
Price:	\$180.00 + GST

Screwdriver - Complete

The screwdriver nozzle has been designed to get through the toughest tree root blockages with 1 forward offset front jet built into the blade and 6 powerful rear thrusting jets. The 4 corners of the blade quickly tear at the roots. Comes complete with cone and tail.

Part Number:	SD6R1FC
Size:	1/4"
Price:	\$180.00 + GST

TriVector Nozzle Complete

An innovative nozzle with 4 rear thrust jets and 3 powerful front penetrating jets. It is used to break down heavy grease, soil or dry choke blockages.

Comes complete with slim cone and tail.

Part Number:	TV4R3FC
Price:	\$186.00 + GST

Root Ranger® - Complete

This patented Root Cutting Nozzle is the key to cleaning a drain properly. Its large rear turbine quickly removes all roots, grease and debris from the drain. Comes complete with tail and front removable plug.

*Larger and smaller nozzle sizes available to match your flow and pressure.

Part Number:	RR8TC
Size:	3/16" & 1/4" Hose
Price:	\$320.00 + GST

Forward Jet Root Ranger® - Complete

This patented Root Cutting Nozzle is the key to cleaning a drain properly. Its large rear turbine quickly removes all roots, grease and debris from the drain. Comes complete with tail and front removable jet.

*Larger and smaller nozzle sizes available to match your flow and pressure.

Part Number:	RR8TCF
Size:	3/16" & 1/4" Hose
Price:	\$352.00 + GST

Root Ranger® Replacement Turbine

Suits Root Ranger®, can also be used on the end of hand lances.

*Larger and smaller nozzle sizes available to match your flow and pressure.

Part Number:	T83055
Size:	1/4"
Price:	\$149.00 + GST

Root Ranger® Pressure Bend

Patented Root Ranger® pressure bend with front plug, suits Root Ranger® Complete Nozzle. Note: use SS8TMF for forward firing pressure bend.

Part#	Size	Price:
SS8TM	Suits RR8TC	\$171.00 + GST
SS8TMF	Suits RR8TCF	\$207.00 + GST

Root Ranger® Double Barrel

The Double Barrel Root Ranger® has the power of 2 turbines so large pipes can be cleaned. This gives a standard jetter the power and effectiveness of a larger jetter without the extra cost. It absolutely roars down the drain!

*Larger and smaller nozzle sizes available to match your flow and pressure.

Part Number:	RRDB
Size:	Suits 1/4"
Price:	\$525.00 + GST

Root Ranger® Double Barrel Pressure Bend

The double barrel pressure bend replacement head is used with the Double Barrel Root Ranger Nozzle.

Part Number:	RRDBBASE
Size:	1/4"
Price:	\$279.00 + GST

Double Ended Root Ranger®

The Double Ended Root Ranger® nozzle has been used by plumbers for many years now. It allows the front jet to powerfully blast out roots while the rear jet propels the nozzle down the drain. Suitable for larger pipes from 100mm to 300mm. Will negotiate 100mm 90° bends. *Larger and smaller nozzle sizes available to match your flow and pressure.

Part Number:	RRDE
Price:	\$490.00 + GST

Root Ranger® Repair Kit The ceramic insert kit can be quickly changed over in the field. Comes with insert, barrel and O ring. *Larger and smaller nozzle sizes available to match your flow and pressure.

Suits:	Part#	Price:
Root Ranger	RTRK8	\$108.00 + GST
Large Root Ranger	LRTRK8	\$132.00 + GST

M6 Front Jet or Plug

The M6 front jet was specifically designed for the root ranger with a flow straightener in the body. This enables the Root Ranger Nozzle to have a powerful front jet, or plug it off for more thrust.

Part:	Part Number:	Price:
Front Jet	M6J	\$36.00 + GST
Front Plug	M6P	\$22.00 + GST

Large Root Ranger® - Complete

This is the large version of the Root Ranger® Nozzle with a 1/2" root cutting turbine. It comes with a 1/2" female thread but can also be used with smaller hoses with the reducing adaptor below. It can be jetted for 20-90 LPM.

Part Number:	LRR8TC
Size:	1/4" - 1/2" Hoses
Price:	\$495.00 + GST

Adaptor Nut (suits Large Root Ranger®)

The adaptor nut allows the large root ranger® to attach to either a quick release coupler or to screw directly onto a smaller hose. 1/2" M x 1/4" F adaptor.

Part Number:	Price:
LTAN	\$59.00 + GST
LTANQR	\$69.00 + GST

Large Root Ranger® Replacement Turbine

Replacement turbine for the large root ranger® nozzle. This turbine can also be used on the end of a hand lance for effective cleaning power and hydro-excavation.

Part Number:	LT83055
Price:	\$249.00 + GST

Large Root Ranger® Pressure Bend

Suits large root ranger®, does not include quick connector or adaptor. For Large Root Ranger with forward jet please use LSS8TMF.

Part:	Size:	Price:
LSS8TM	Suits LRR8TC	\$245.00 + GST
LSS8TMF	Suits LRR8TCF	\$281.00 + GST

Mustang Nozzle Spanner

Used for all Mustang connectors.

Part Number:	NS
Price:	\$16.00 + GST

Nozzle Tip Cleaner

Designed to clean and maintain your nozzle jets. Comes in storage capsule.

Part Number:	TC
Price:	\$19.00 + GST

M8 Front Jet or Plug

The M8 front jet was specifically designed for the LARGE root ranger® with a flow straightener in the body. This enables the Large Root Ranger® Nozzle to have a powerful front jet or plug.

Part:	Part Number:	Price:
Front Jet	M8J	\$36.00 + GST
Front Plug	M8P	\$22.00 + GST

Bandit Nozzle 3/8" and 1/2"

The Bandit Nozzle has been computer designed to enter a blockage quickly and with maximum thrust. It features 6 rear jets at a tight angle for extra power and 1 forward jet. Comes in 3/8" and 1/2" configurations.

Part Number:	Size:	Price:
BT6R1F10	3/8"	\$138.00 + GST
BT6R1F12	1/2"	\$168.00 + GST

Screwdriver Nozzle 3/8" and 1/2"

The Screwdriver Nozzle features a front cutting blade with an offset front jet to assist in cutting through the most stubborn blockages with a simple twist of the hose. It features 6 rear jets for extra thrust. Comes in 3/8" and 1/2" configurations.

Part Number:	Size:	Price:
SD6R1F10	3/8"	\$140.00 + GST
SD6R1F12	1/2"	\$170.00 + GST

Blade Cutter

The Blade Cutter is designed to cut through very tough roots and debris that are difficult to cut. It fits onto the Root Ranger® nozzle for propulsion and final drain scrubbing.

Illustration purposes only

Part Number:	BCC
Size:	1/4"
Price:	\$175.00 + GST

Blade Cutter Replacement Blade

Part Number:	BCR
Price:	\$107.00 + GST

Blade Cutter Quick Release

Stubby quick release connector specially designed for The Blade Cutter.

Part Number:	BCQR
Price:	\$49.00 + GST

Flexi Turbo Nozzle Adaptor

Used in conjunction with the FlexiNozzle adaptor allows the operator to point a turbo nozzle in multiple positions on the open end of a hand lance so it can be positioned in a sewer shaft and directed up a blocked branch line.

Part Number:	Size:	Price:
FLXNT	1/4"	\$248.00 + GST

Rotospin Nozzle Complete

This nozzle slowly rotates in the drain with two powerful rear jets and one offset front jet to penetrate the blockage and cut the grease or roots in one go without having to twist the hose. **Note:** Controlled rotation nozzles need regular oil top-ups of Rotolube™ Oil via syringe. Features replaceable hardened stainless steel nose cone (RSNC). Comes with syringe and one bottle of oil.

Part Number:	Size:	Price:
RSTR1FC	1/4"	\$625.00 + GST
RSTR1F	1/4"	\$598.00 + GST
RSNC		\$90.00 + GST

Rotospin Syringe

For regular on-site Rotolube™ Oil refills in Rotospin Nozzle.

Part Number:	RSS
Price:	\$29.00 + GST

Rotolube™ Nozzle Oil

Designed in Australia specifically for the Rotospin Nozzle.

Part Number:	RSO
Price:	\$22.00 + GST

Flexi Jet Nozzle Adaptor

Used in conjunction with the FlexiNozzle adaptor allows the operator to point a single jet nozzle in multiple positions on the open end of a hand lance so it can be positioned in a sewer shaft and directed up a blocked branch line.

Please state your machine pressure and flow rate.

Part Number:	Size:	Price:
FLXPJ	1/4"	\$169.00 + GST

Laserjet Nozzle

This nozzle directs all its power through one rear jet and is good for cutting cement and stubborn obstructions from drains. Can be purchased as nozzle only for use on a lance.

Part Number	LPM:	GPM:	Price:
LJA	15	4.0	\$260.00 + GST
LJB	17	4.5	\$260.00 + GST
LJC	20	5.3	\$260.00 + GST
LJD	22	5.8	\$260.00 + GST
LJE	25	6.6	\$260.00 + GST
LJF	28	7.4	\$260.00 + GST
LJG	31	8.2	\$260.00 + GST

Brass Quick Release

8 ball brass locking coupler with Patented double silt proof 'O' ring to prevent silt and dirt from fouling sheath. Features triple wear rings on sheath for extra strength and grip.

Part Number:	Size:	Price:
QR8BR2	1/4"	\$39.00 + GST

Stainless Steel Quick Release

8 ball stainless steel locking coupler with Patented double silt proof 'O' ring to prevent silt and dirt from fouling sheath. Features triple wear rings on sheath for extra strength and grip.

Part Number:	Size:	Price:
QR8SS	1/4"	\$64.00 + GST

1/8" Plastic Slim Cone

The 1/8" Black Plastic Protection Cone fits behind all compressor nozzles and reduces wear on the quick release coupler.

Part Number:	PC4S
Size:	1/8"
Price:	\$22.00 + GST

1/8" Hardened Stainless Slim Cone

The 1/8" Stainless Steel Speed Cone fits behind all compressor nozzles and reduces wear on the quick release coupler.

Part Number:	PC4SS
Size:	1/8"
Price:	\$29.00 + GST

1/4" PVC Standard Cone

Fits behind Predator, Negotiator, Root Rat, Ferret and Beaver nozzles. This cone reduces wear on the quick release coupler. For all other nozzles use the Slim Cone.

Part Number:	PC8
Price:	\$19.00 + GST

1/4" PVC Slim Cone

Slimline design makes overall nozzle size smaller.

Part Number:	PC8S
Price:	\$22.00 + GST

1/4" S/S Slim Cone

Fits behind all 1/4" nozzles reducing wear on the quick release coupler.

Part Number:	PC8SS
Price:	\$29.00 + GST

1/4" Male Connector Short

Part Number:	HT8MS
Price:	\$27.00 + GST

1/4" Male Connector

Adapts to nozzle and cone.

Part Number:	HT8M
Price:	\$27.00 + GST

1/4" Male Connector Flanged

Suit Root Ranger Pressure Bend.

Part Number:	HT8MSF
Price:	\$27.00 + GST

1/4" Female Connector

Part Number:	HT8F
Price:	\$27.00 + GST

1/8" Male Connector

Quick release to Compressor Nozzles with spanner flats for 1/8" nozzles.

Part Number:	HT4M
Size:	1/8"
Price:	\$27.00 + GST

1/8" Female Connector

Quick release female tail for Compressor Nozzles with spanner flats for 1/8" nozzles. Used on all 1/8" hoses.

Part Number:	HT4F
Size:	1/8"
Price:	\$27.00 + GST

1/8 & 1/4 Nozzle Extender

The Nozzle Extender is designed to provide extra length to all Nozzles to reach deep into blockages.

Part Number:	BSR4
Size:	1/8"
Price:	\$31.00 + GST

Part Number:	CE8
Size:	1/4"
Price:	\$41.00 + GST

Root Ranger® Extender & Won't Get Stuck Extender

This extension keeps the Root Ranger straight to reduce the chance of it turning up junctions and inspection openings.

RRE8

WGS25

Part No:	RRE8	WGS25
Size:	1/4"	Root Ranger
Price:	\$59.00 + GST	\$44.00 + GST

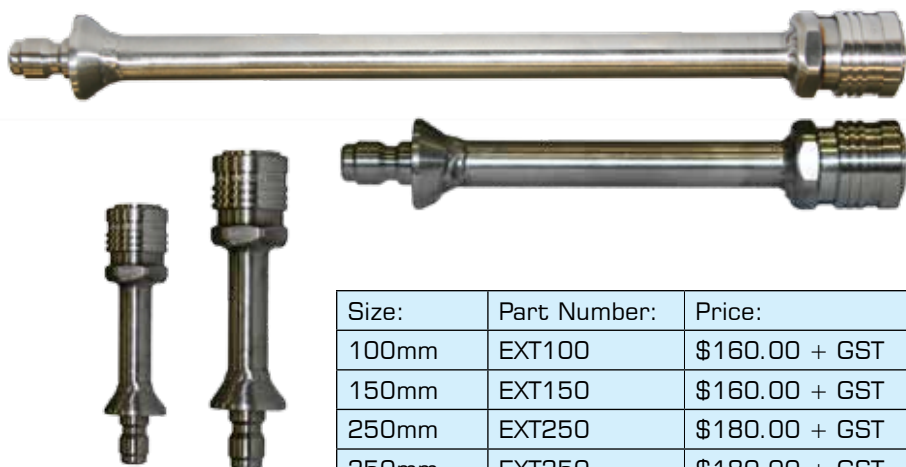

Spindeze Spindle Cleaner

Patented design to clean tap spindles. This innovative tool fits easily in your tool box and avoids the need to wire brush spindle threads when servicing taps.

Part Number:	SE2
Price:	\$49.00 + GST

Stainless Steel Nozzle Extensions

Designed to extend the length of a nozzle to prevent it from turning around in a pipe. Comes complete with a S/S quick coupler on either end.

Size:	Part Number:	Price:
100mm	EXT100	\$160.00 + GST
150mm	EXT150	\$160.00 + GST
250mm	EXT250	\$180.00 + GST
350mm	EXT350	\$180.00 + GST

M22 X 1/4" Female Coupling Brass

Adapts Pressure Washers to Mustang Nozzles Parts.

Part Number:	M22F
Price:	\$26.00 + GST

M22/QR8BR Coupling

Adapts Pressure Washers to Mustang Nozzles Parts.

Part Number:	M22/QR8BR
Price:	\$65.00 + GST

M22 x 1/4" Nipple Brass

Adapts Pressure Washers to Mustang Nozzles Parts.

Part Number:	M22M
Price:	\$26.00 + GST

Safety Plate

Used to guide your hose into the drain and prevent the hose from turning back on you and coming out of the drain.

Part Number:	MSP
Price:	\$169.00 + GST

Ground Probe Jet Rod

The Mustang Ground probe is used to locate buried services without damaging them. It penetrates hard ground quickly and exposes the service with a specially designed forward facing 3 jet nozzle. The nozzle has been computer designed to also exit a hole without damage.

Part Number:	GPJR
Price:	\$395.00 + GST

Ground Probe Nozzle

Forward penetrating nozzle with no rear jets, for use on the end of a ground probe jet rod. Suitable for use in clearing inspection openings and hydro excavation. It has 3 front offset jets with a hard nose for boring into the ground.

Part Number:	Size:	Price:
FLXNT	1/4"	\$120.00 + GST

Mustang Foot Valve

To increase the ease of using your jetter, this innovative foot valve enables you to control your jetter remotely. This means you and your clients will be safer with reduced risk of Jetter injury in the event of an accident.

Part Number:	MFV
Price:	\$530.00 + GST

Mustang Foot Valve Patching Hose

3m hose to connect foot valve to your jetter cable or Mini Reel.

Part Number:	MFVPH
Price:	\$158.00 + GST

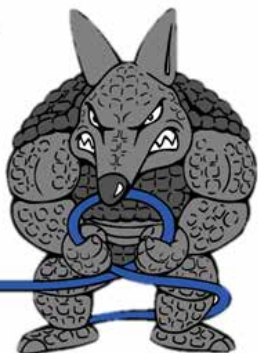

Compressor Adaptor

1/4"F x 1/8"M Stainless Steel Adaptor joins the compressor nozzle directly to the 1/4" male thread on the end of the jet hose without using a quick release connector. This allows operator to clear small diameter pipes with a large flow of water.

Part Number:	CA8
Size:	1/8" x 1/4"
Price:	\$30.00 + GST

THE **NEW** TOUGHER 5000 PSI**ARMADILLO
BLUFLEX
5000***Tough - Flexible - Reliable*

Armadillo 'Bluflex' is a premium jetting hose that has been tried and tested by plumbers for many years now. It is an extremely flexible hose that will negotiate bends and traps with ease. Bluflex is rated at 5000psi working pressure.

Sizes start at 1/8" whip hoses with nozzle and connector up to 3/8" hoses.

Size:	Length:	Part Number	Price:

1/2" & 3/4" Water Supply Reel Zinc Coated - No Hose

Quality zinc plated easy spin low pressure feed hose reel, suits 1/2" or 3/4" water supply hose (not included).

Size:	Capacity:	Part Number	Price:
1/2"	40 Metres	GHR12	\$325.00 + GST
3/4"	40 Metres	GHR19	\$370.00 + GST

Large Reel & Bracket - 6000 PSI

This high quality reel boasts Stainless Steel components and a Powder Coated Finish. Comes with Locking Pin & Brake.

Suits high pressure hoses.

- 1/4" - 120m capacity

- 3/8" - 80m capacity

Part Number:	MN4418
Price:	\$590.00 + GST

Mini Reel & Bracket - 6000 PSI

This high quality reel boasts Stainless Steel components and a Powder Coated Finish. Comes with Locking Pin & Brake.

Suits Mustang Mini Reel Hose lengths

- 3/16" - 60m capacity

- 1/4" - 60m capacity

Part Number:	MN134
Price:	\$440.00 + GST

Mini Reel Internal Hose

Suit Mustang Mini Reels.

Part Number:	MRIH
Price:	\$65.00 + GST

Mini Reel Locking Plate

Don't risk your mini-reel being stolen! This simple locking plate will stop the opportunistic thief taking an expensive piece of equipment. Comes with theft resistant bolt kit & padlock.

Part Number:	MRSB
Price:	\$169.00 + GST

1/2" & 3/4" Feed Hose

High quality cold water supply hose in 1/2" or 3/4". Kink proof UV resistant long-life hose.

Size:	Length:	Part Number	Price:
1/2"	Per Metre	GF12	\$4.90 + GST
3/4"	Per Metre	GF19	\$6.90 + GST

1/2" & 3/4" Water Supply Reel Zinc Coated with Hose

Quality Feed Hose from Supply line to your Jetter, in 1/2" or 3/4" Quality feed hose and fittings attached.

Size:	Capacity:	Part Number	Price:
1/2"	35 Metres	GHR12WH	\$470.00 + GST
3/4"	35 Metres	GHR19WH	\$570.00 + GST

Mini Reel with 60m Premium Jet Hose

Light weight electro-polished stainless frame with corrosion protection. Comes with 3 nozzle holders, extended ball valve handle and 60m of quality jetting hose with QC coupler. "(Excludes nozzles).

Part No:	MRWH60	MRWH601/4
Size:	3/16" Jetting Hose	1/4" Jetting Hose
Price:	\$1690 + GST	\$1898 + GST

Remote Mini Reel - No Hose

Light weight electro-polished stainless frame and reel with corrosion protection holds 3 nozzles for easy access and comes complete with pressure gauge - no hose.

Part Number:	MRNH
Size:	60m reel capacity
Price:	\$1,190.00 + GST

Mini Reel Frame Only

Electro-polished frame to suit Mustang Remote Mini Reel.

Part Number:	MRF
Size:	Suits Standard Mustang Mini Reel
Price:	\$390.00 + GST

Mustang Nozzles® is Australia's best known and most innovative designer and manufacturer of high pressure water jetting equipment.

That's all we do. We design, manufacture and distribute the widest variety of parts to suit most water jetting machines on the market today. We are so confident with the products we build we back them with a lifetime 'manufacturing defects' warranty.

What sets Mustang Nozzles apart from the rest?

Because we are plumbers, we understand the things that frustrate plumbers. As a result, we develop unique, patented solutions to make your life easier and safer.

- We focus on quality – we use a unique cast and drawn heat treated hardened stainless steel to provide a lifetime of service. We are not interested in providing cheap copies that don't pass our stringent safety tests and fail when you need them most.
- We reinvest profits into research and development and release new innovative products on a regular basis.
- We are environmentally conscious – our nozzles are water smart and use less water for the same cleaning result.
- We are solutions orientated – we solved one of the biggest problems for jetter operators by designing our unique "Silt Proof Quick Release coupling" that prevents a build-up of sand & silt behind the sheath that makes nozzles nearly impossible to remove when changing nozzles. We also designed the popular Remote Mini Reel so you can operate safely from the point of entry.
- We offer practical, accessible training - All products are supported by training from experienced operators either in-house or on site.
- We give back 10% of our profits to the community through charitable contributions.
